You Make Us Proud!

LESSONS FOR OUR STUDENTS

Discover
your talent.

Develop
your talent.

Discipline
your talent.

Work hard
and be consistent.

Never
give up!

A STORY THAT INSPIRES

Vidhya Ramraj, a girl from a very simple and humble background, daughter of a lorry driver and a housewife, discovered her talent in athletics at a young age. With hard work, discipline and a **never-say-die spirit**, she broke the 42-year-old national record of P. T. Usha in 400 metres hurdles and won medals for India at the Asian Games.

PADEL

PICKLEBALL

AND
MANY
MORE...

IDENTIFY TALENT EARLY

Class teachers, PETs and trainers will identify children with sporting talent from a young age – from 5, 6, 7, 8 or 9 years – and provide regular training to help them participate at district, state and national levels.

STUDIES AND SPORTS – BOTH MATTER

- ✓ Do well in your studies, especially in your 10th and 12th Board Examinations.
- ✓ At the same time, identify and develop your sporting talent.

A NEW TERM – A NEW BEGINNING

- ✓ Learn from your quarterly results.
- ✓ Aim higher.
- ✓ Work hard with discipline.
- ✓ Participate in sports.
- ✓ Grow in friendship and character.
- ✓ Make this term a happy and fruitful one!

*You can excel
in the classroom
AND on the playing field.*

*Let us be God's loving children
and upright citizens.*
